SAKE, SHOCHU & JAPANESE LIQUEURS

TRY OUR SAKE FLIGHT - \$30 FOR THREE SAKES TO TASTE AND COMPARE

Sake (**Nihonshu** in Japanese) is a traditional brewed alcoholic beverage made from rice, water, yeast and koji. **Junmai** sake contains no additives, preservatives or flavourings.

Sake can have a wide range of flavour profiles. Broadly, **Gingo** and **Daigingo** sakes are lighter, aromatic, floral and fruity, while **Junmai** sakes tend to be savoury, dry and fuller bodied with more acidity. **Shochu** is a Japanese distilled beverage made from rice, barley or sweet potato. It can be enjoyed on the rocks or with a mixer. **Yuzushu** and **Umeshu** are sake or shochu based fruit liqueurs.

	Region	90ml	300ml	720ml
